

Winterization 2023- Hoosier Hills Marina

All packages below are priced on the boat being on the trailer and located at the Marina Parking Area. We offer haul out service using the customers trailer and also our trailer, simply add the price for this to the winterization offering you choose. Boats over 32' to be hauled out will be priced on an individual basis.

FOR OIL CHANGES LISTED: PRICES INCLUDE PREMIUM SEMI-SYNTHETIC OIL 10w40 up to 4 quarts amounts over 4 quarts will be additional.

FOR FUEL FILTERS LISTED: PRICES INCLUDE 1 FUEL FILTER CHANGE- Some motors have more than 1 and there will be an additional charge for the incremental fuel filters. Filters only no additional labor.

Please Note: Some Mercury Outboards have a Red Internal Fuel Water Separator. There is a \$20 additional charge on these filters.

Sales Tax on the items used are not included in the pricing of the packages.

All Winterizations include disconnecting the battery if there is no switch and turning the switch off if there is a switch.

Full Synthetic Oil Up Charge is \$35.00 per engine.

Winter Storage

- ** We have limited inside storage. Currently the space is limited to 10'x30' per boat. There will be NO Access once the boat is stored and we will need to have the boat available no later than October 31st. Storage dates planned are November 15th through April 15th.
Boats will begin to be removed as early at April 1st and all boats will be out of the building by April 15th.
- ** All outside storage will be placed in the overflow gravel lot. There will be a few other opportunities made available depending on space and the size of the boat. This is based on <30' and using the owners trailer.
Boats will begin to be removed as early at April 1s and must be scheduled for Summerization or removed by April 15th.
- ** Other outside storage requests will be priced aligned to the request.

Notes Powerwashing and cleaning are NOT included in winterization unless requested as an add on service

Additional work can be done provided it is scheduled early and can be quoted

Trailer service is NOT included in Winterization. We will be offering Trailer Preventive Maintenance in our Summerization offerings in 2024. If you need something done to the trailer (grease wheel bearings, air tires etc, please add that and it will be charged for time/materials at \$75/hr.

Taxes are NOT INCLUDED in the above prices

Please note: We base oil consumption at 4 quarts, additional quarts are charged at regular price. Antifreeze is also capped for the freshwater systems to 4 gallons and priced for each gallon beyond that at regular price. Some boats have more than one fuel filter. The additional filters are priced at regular price. For these items; we do not charge additional labor.

Boats are not serviced on a lift, they will be hauled out at the appropriate charge, serviced and returned to the lift for the charge shown in Add Ons!

Battery removal can be done, if requested, but, must be picked up within a week of the winterization being complete!
